

Deborah M. Stephenson has been a longtime member of the Rotary Club of Marblehead Harbor, an organization which is all about giving back to the community. Having lived in Marblehead all her life, her three children were educated in the public schools; and now four of her eight grandchildren are following suit. Her commitment to education is deep seated and strong.

Her involvement in the Enhanced Scholarship Trust began through her Rotary connections. This Trust is instrumental in providing educational opportunities, not only to college bound students, but also those civic minded individuals who need a boost in educational qualifications to better their lives. As a direct consequence their families' lives and the quality of the communities in which they live are improved. There is no substitute for education, yet its costs preclude many from pursuing further studies.

Deb received a BA from Colby College, a JD from Suffolk University, and an MBA from Boston University. She has just "retired" from a 36-year career as a lawyer. During that time she served on the board of the Rotary Club of Marblehead Harbor, and the Board of the Enhanced Scholarship Trust. She currently serves as the Treasurer of the Enhanced Scholarship Trust.
